States with refee to D·o d 23·7·08 that the Site proposed by Major Stable Brockman seemed be excellent from a Sanitary point
2 of view but that it is inconveniently Situated in one of the outskirts of the City; adds that Hospitals should be centrally Situated when they can be so located with due regard to Surroundings and that the different hospitals should be near each other, as frequently, the Same patients has to attend more than one Hospital at the Same time.

Letter no 65 d 25·7·08 from the Senior Surgeon

States that certain buildings are being erected on the triangular piece

Major Drake Brockman was presumably not aware of the proposal* to provide a building for the Eye Infirmary in the Compound of the Victoria Hospital, when he suggested in his report on Special Hospls in report for 1907, the Site near the Maternity Hospital for the new Eye Infirmary building.

The cost of acqn of the lands referred to in the declaration Statement need with SL4 has not been reported nor is it known whether any provision can be made out of the allotment in the P.W.D budget for payment of Compensation

In view ~~for to secure~~ to secure to Govt the right over the lands, the declaration Statement may, if appd, be caused to be published in the Gazette, the question as to the source from which the Cost of acq^n is to be met being taken up later on

The Senior Surgeon suggests that in addition to the acq^n of the lands, ~~that~~ it be directed that no building be erected on the ground near the small temple, across the road, opposite to the Site proposed for the Eye Infirmary. To Whom this land belongs, has not been reported If it is land belonging to a private individual a point for consideration why the owner should it is ~~a question whether such compensation~~, not be ~~such as to prevent the~~ from erecting of a building therein may ~~legally~~ be ~~conditional~~ in view to minimize the cost of acquisition Lt^d for orders.

5. I would again take the opportunity of bringing to the notice of Government the excellent work which is being done by this Institution notwithstanding the many disadvantages which have to be encountered. The whole subject of the urgent necessity for the erection of an Eye Infirmary upon modern lines has been fully gone into by me and the matter brought to the notice of Government on previous occassions, but I would like to bring before them the importance of selecting and settingapart a suitable site for the erection of this much-needed Institution, especially as land is being taken up all round for other purposes, a prospective site for this Institution should now be set aside for its location so that when funds permit its erection may be taken up. The site I propose is one to the right of the road in which the Maternity Hospital is situated, and alongside the St. Martha's Hospital between the latter and site selected for the erection of the new High Court Building. This will be the best available site for this Institution both as regards convenience to the public as well as on medical grounds, being an area free from insanitary surroundings, a most important factor in Opthalmic Surgery, and which is a serious detriment to good work in

in the building at present utilised as an Eye Infirmary, whose surroundings generally as well as proximity to the roads many of which meet opposite to the building, seriously handicap successful surgical work. I sincerely hope that this matter will engage the serious notice of Government at an early date.

SIR,

With reference to your D.O. dated the 30th July last, I have the honour to submit herewith a sketch showing the plots of land referred to by the Senior Surgeon and to state that Colonel Smyth-who was again addressed on the subject-opined that as a temporary measure and till it was eventually settled as to what the future requirements of the Opthalmic Hospital might be, the erection of buildings on the grounds across the road to the west might be prohibited. This suggestion has been noted.

2. The approximate cost as estimated by the Municipal Engineer of the 3 Mandy Sites comes to Rs. 2526-9-4. Two of the owners (of Sites Nos. 54 & 55) claim Rs. 2500/- and Rs. 3,000/- respectively as compensation; while Rao Bahadur B. P. Annasami Moodaliar is willing to make a gift of the site (No. 53) if it is to be used for charitable purpose. This gentleman qualifies his statement

G. P. B.—C00-2-1-08

by

by adding that the Government in their endeavour to enhance the usefulness of the Victoria Hospital will jeopardise the interest of the commercial community by blocking up the free passage of carts going to and from the Market.

3. The compensation claimed by the first two persons seems to be exorbitant. Enquiry is proceeding and the award will be settled without loss of time.

81: No 9.

SIR,

Flag N

With reference to your D.O. dated the 30th July last, I have the honour to submit herewith a sketch showing the plots of land referred to by the Senior Surgeon and to state that Colonel Smyth-who was again addressed on the subject-opined that as a temporary measure and till it was eventually settled as to what the future requirements of the Opthalmic Hospital might be, the erection of buildings on the grounds across the road to the west might be prohibited. This suggestion has been noted.

2. The approximate cost as estimated by the Municipal Engineer of the 3 Mandy Sites comes to Rs. 2526-9-4. Two of the owners (of Sites Nos. 54 & 55 claim Rs. 2500/- and Rs. 3,000/- respectively as compensation; while Rao Bahadur B. P. Annasami Moodaliar is willing to make a gift of the site (No. 53) if it is to be used for charitable purpose. This gentleman qualifies his statement

by adding that the Government in their endeavour to enhance the usefulness of the Victoria Hospital will jeopardise --- the interest of the commercial community by blocking up the free passage of carts going to and from the Market.

3. The compensation claimed by the first two persons seems to be exorbitant. Enquiry is proceeding and the award will be settled without loss of time.

I have the honour to be

Sir,

Your most obedient servant,

PRESIDENT
